LATE TO APPOINTMENT POLICY

We strive to see every patient as close to their appointment time as possible. We request new patients arrive 15 minutes before your appointment. If you are late by 30 minutes or more, you will likely be asked to reschedule unless the physician's schedule can still accommodate you. Priority will be given to the patients who arrive on time and you may have to be worked in around them, leading to a considerable wait time. If this is not convenient for you, you may choose to reschedule.

MISSED APPOINTMENT OR "NO-SHOW" POLICY

We gladly reserve appointment times for you and appreciate that you have chosen Pediatric ENT of Oklahoma for your child's care. As a courtesy, we will remind you of your appointment by 24 hours prior to your scheduled date and time. If we cannot speak to you directly, we will leave a message for you. However, in the event your mailbox is full or your line is busy, our efforts to contact you may be unsuccessful. An appointment is a contract of time reserved for your child's care. We respect our patient's valuable time and we request the same courtesy from our patients. Please extend this courtesy should you need to cancel and/or reschedule your appointment. We reserve the right to charge \$50 for regular appointments cancelled or broken without advance notice of one business day. We charge a \$100 cancellation fee for cancelling surgery without providing us notice three business prior to the appointment. Patients who miss three (3) visits could be terminated from the practice.

I understand a photocopy of this document is as valid as the original.

FINANCIAL POLICY

Insurance

As a courtesy to our patients, Pediatric ENT of Oklahoma will gladly file the forms necessary so that you receive full benefits of your medical coverage. We ask that you read your insurance policy to be fully aware of any limitations of the benefits provided. If you are concerned about coverage for any of the services, please contact your insurance company prior to your visit. If your insurance company denies coverage, or otherwise we do not receive payment 60 days from filing your claim, the amount will then become due and payable by you. Remember that your coverage is a contract between you and your insurance company and/or your employer and your insurance company. Although we will make a good faith effort in obtaining your insurance payment, we cannot force your insurance company to pay for the services we provide to you.

Patient/Parent/Guardian Responsibility

- I understand that whoever accompanies my child to their appointment has authorization to consent to medical care as needed, and is responsible for payment of medical services.
- I acknowledge my responsibility for payment of all services provided by Pediatric ENT of Oklahoma in accordance with the practice's fees and terms.
- In the cases where a parenting plan exists, the parent that brings the child in for the appointment is considered the guarantor and is responsible for the payment.

I authorize payment to be made directly to Pediatric ENT of Oklahoma by my insurance company, and I accept financial responsibility if services are not covered by my insurance. I agree that, to the fullest extent permitted by law, Pediatric ENT of Oklahoma may remit all or a portion of any credit balances or other amounts due to me from Pediatric ENT of Oklahoma to any affiliates whom I have balance owing for fees, items, or services. Your Rights and Protections Against Surprise Medical Bills

When you get emergency care or are treated by an out-of-network provider at an in-network hospital or ambulatory surgical center, you are protected from balance billing. In these cases, you shouldn't be charged more than your plan's copayments, coinsurance and/or deductible.

What is "balance billing" (sometimes called "surprise billing")?

When you see a doctor or other health care provider, you may owe certain **out-of-pocket costs**, like a **copayment**, **coinsurance**, or **deductible**. You may have additional costs or have to pay the entire bill if you see a provider or visit a health care facility that isn't in your health plan's network.

"Out-of-network" means providers and facilities that haven't signed a contract with your health plan to provide services. Out-of-network providers may be allowed to bill you for the difference between what your plan pays and the full amount charged for a service. This is called "**balance billing**." This amount is likely more than in-network costs for the same service and might not count toward your plan's deductible or annual out-of-pocket limit.

"Surprise billing" is an unexpected balance bill. This can happen when you can't control who is involved in your care – like when you have an emergency or when you schedule a visit at an in-network facility but are unexpectedly treated by an out-of-network provider. Surprise medical bills could cost thousands of dollars depending on the procedure or service.

You're protected from balance billing for:

Emergency Services

If you have an emergency medical condition and get emergency services from an out-of-network provider or facility, the most they can bill you is your plan's in-network cost-sharing amount (such as copayments, coinsurance, and deductibles). You **can't** be balance billed for these emergency services. This includes services you may get after you're in stable condition, unless you give written consent and give up your protections not to be balance billed for these post-stabilization services.

Certain services at an in-network hospital or ambulatory surgical center

When you get services from an in-network hospital or ambulatory surgical center, certain providers there may be out-of-network. In these cases, the most these providers can bill you is your plan's in-network cost-sharing amount. This applies to emergency medicine, anesthesia, pathology, radiology, laboratory, neonatology, assistant surgeon, hospitalist, or intensivist services. These providers **can't** balance bill you and may **not** ask you to give up your protections not to be balance billed.

If you get other types of services at these in-network facilities, out-of-network providers **can't** balance bill you, unless you give written consent and give up your protections.

You're never required to give up your protections from balance billing. You also aren't required to get out-of-network care. You can choose a provider or facility in your plan's network.

When balance billing isn't allowed, you also have these protections:

- You're only responsible for paying your share of the cost (like the copayments, coinsurance, and deductible that you would pay if the provider or facility was in-network). Your health plan will pay any additional costs to out-of-network providers and facilities directly.

- Generally, your health plan must:
 - Cover emergency services without requiring you to get approval for services in advance (also known as "prior authorization").

 - Cover emergency services by out-of-network providers.

 - Base what you owe the provider or facility (cost-sharing) on what it would pay an in-network provider or facility and show that amount in your explanation of benefits.

 - Count any amount you pay for emergency services or out-of-network services toward your in-network deductible and out-of-pocket limit.

If you think you've been wrongly billed, contact 1-800-985-3059.
